Product Description

Home and business 2016 Office Windows English PC Key Card without Media

Summary

Microsoft Office 2016 helps you to do your best work - anywhere, anytime and with anyone. New, modern versions of the classic desktop applications, Word, Excel, PowerPoint, Outlook, and OneNote, are built for maximum productivity. You'll quickly produce professional documents with rich authoring features, design controls for pixel-perfect layouts and intuitive tools to help you make the most of your data. You'll have access to your docs in the cloud whenever you need them. With your documents stored online, it's easy to get your team on the same page. Share, present and work together on projects with built in team collaboration tools across the suite.

Please note: Please follow this official Instruction to claim your Office Home and Business 2016 product.

1. Once you received your package, please find your product key.
2. Open your browser and type: setup.office.com/downloadoffice to download and install.
3. Enter your 25-digital product key as prompted.
4. Sign in or create a Microsoft account.
5. Select your preferred country and language.
6. From your "My Account" page with Microsoft, select the item that you want to install.
7. Click the "Install" button to begin your download.

Office Home & Business 2016 includes:

Word 2016, Excel 2016, PowerPoint 2016, OneNote 2016, and Outlook 2016

Be a power Office user—the easy way. Type what you want help with in the new Tell Me box on the ribbon and it will tell you how to do it.

New themes let you choose the Office experience that's right for you. Dark and Dark Gray themes provide high contrast that's easier on the eyes, and the Colorful theme gives you a modern look that's consistent across your devices.

Enhance your reading experience with Insights, powered by Bing, which shows you relevant information from the web when you're reading an Office file.

Do more with your Word Docs: pop in an online video, open a PDF and edit the content, and align pictures and diagrams with minimal fuss.

Excel Templates do most of the setup and design for you, so you can focus on your information.

Create compelling presentations with alignment, color-matching, and other design tools in PowerPoint.

Draw, handwrite, type, click, or swipe your notes in OneNote. Your notes are saved, searchable, and synced to OneNote apps on your other devices.

Outlook is automatically connected to your Microsoft web mail account. Sync tasks and calendars with Outlook to put all your plans together.
