

Spanish Language Windows 10 Pro Retail Box 64 - Bit 2GB Min RAM Online Activation

Our Product Introduction

for more products please visit us on computersoftware-systems.com

Basic Information

- Place of Origin: USA
- Brand Name: Microsoft
- Certification: Microsoft Certified
- Model Number: Windows 10 pro OEM
- Minimum Order Quantity: 5 pieces
- Price: negotiable
- Packaging Details: OEM packing
- Delivery Time: 1-2 work day
- Payment Terms: T/T, Western Union, MoneyGram,
- Supply Ability: 5000 pieces / week

Product Specification

- Model: FQC-08981
- Language: Spanish
- Operating System Edition: Professional
- Package Type: OEM
- Min. RAM: 2GB
- Min. Processor Speed: 1GHz
- Highlight: windows 10 pro 64 bit retail,
windows 10 pro product key

Product Description

FQC-08981 Win 10 Pro OEM 64bit DSP Original New Key Online Activation Spanish

What is an OEM licence?

OEM stands for Original Equipment Manufacturer and is a term applied to companies that build PCs. These devices usually include a copy of Windows, so that when you walk out of Currys/PC World with that shiny new Dell you can take it home and use it immediately.

These versions of Windows are more often than not OEM copies, in that they have been sold to the manufacturer at a discount so they can be put on their PCs.

While the majority of OEM versions end up preinstalled on PCs, it's also possible to buy them as licence keys from places like eBay or Kinguin. This is a common practice for users who like to build their own gaming PCs, or buy a second-hand device that has either no OS, or one that is out of date.

How is an OEM licence different to a retail version of Windows?

Most people never buy a copy of Windows itself. They buy a PC that has Windows on it, and that's the last they think of it. But those who do want to purchase the operating system often opt to pick up a retail version. These are either sold in standard software packaging in shops, and thus called boxed copies, or are available online from Microsoft as a download and licence key.

Packaging	OEM

Features:

It just works

Windows 10 combines the Windows you already know and adds great improvements you'll love. Technologies like InstantGo1 let you boot up and resume quickly. And Windows 10 has more built-in security features than ever to help protect against malicious software.

Multi-doing

Multi-task like a master with the ability to snap four things on the screen at once. Screen getting crowded? Create virtual desktops to get more space and work with just the items you want. Plus, all your notifications and key settings are collected on one easy-to-reach screen.

Microsoft Edge

It's the all-new browser designed to make the web work the way you do. Write or type directly on webpages and share your mark-ups with others. You'll like the reading view that clears away distractions. There's also an improved address bar to help you find things faster.

Continuum

The best screen is always the one you're on because Windows 10 optimizes your experience for your activity and device. Onscreen features adapt for easy navigation and apps scale smoothly from the smallest to the largest displays.

Uniquely yours

Your Windows 10 device recognizes you and acknowledges your presence in truly personal ways. With Windows Hello, your device greets you by name and lights up in recognition, waving you through log-in and freeing you from having to remember or type in a password.

Gaming and Xbox

Play your Xbox One games on your Windows 10 PC, laptop or tablet. Use the Game DVR feature to record your greatest hero moves and send to your friends instantly, without leaving your game.

Cortana

Cortana is your truly personal digital assistant who works across all your Windows 10 devices to help you get things done. By learning more about you over time, Cortana becomes more useful every day, staying transparent and keeping your trust.
